New Hampshire Residency Statement

You must complete and have notarized either section A or B below regarding residency. If neither is appropriate, attach notarized statement detailing all the facts upon which your claim for New Hampshire domicile is based. If you are claiming New Hampshire domicile but are not currently living in the state, be certain to explain the circumstances that require you to live elsewhere. Payment of property and/or residency taxes does not constitute the basis for a claim of legal domicile. Dependent students whose parents are divorced or legally separated where one, and only one, of the parents is domiciled in New Hampshire are advised to have that parent inform us in a notarized letter of his/her legal custody of the student or that he/she provides more than one-half of the student's total financial support. New Hampshire residents who are military personnel on assignment outside the state and who are applying for admission or have dependents doing so, should submit a statement establishing that they entered the armed forces as residents of the state of New Hampshire. This statement should be certified by a commanding officer. The "Rules Governing Tuition for the University System of New Hampshire" are available on the Office of Admissions website, admissions.unh.edu. Misrepresentation of facts to establish claim to New Hampshire domicile will be viewed as justification for revoking an acceptance or returning an application without consideration.
