“This experience taught me to never doubt my abilities, and to embrace stepping out of my comfort zone. I gained experience working together as a team and applying myself in a public setting, and got a feel of the research process and the personal rewards that come with it.”

Elias Koester
Psychology, B.A., 2014
Your Degree, Your Future
Our Psychology program offers the flexibility for learning that fits your life, and the personalization to tailor your degree to the future you want. With projected growth in many psychology-related professions\(^1\), the hands-on experience and individual attention you’ll get at UNH Manchester will help you land your dream job or secure your seat in graduate school.
